Dear <<name of member>>:

Our records show that your child may be due for a dental visit. Good oral health is an important part of your child staying healthy overall. All children over the age of one should see a dentist at least every six months. Call 1-XXX-XXX-XXXX to set up a time for a dentist visit in your area.

Please call us if the PCP on your ID card does not match the name on this letter. We can also help you set up an appointment or arrange transportation. Just call Customer Service at 1-866-231-1821 (TTD/TTY users, call 1-877-247-6272). You can reach us weekdays from 7am to 7pm Eastern.

WellCare also has a Personal Health Advisor who can answer your health questions. When you're not sure what kind of care you need, just call 1-800-919-8807 (TTD/TTY 1-877-247-6272). There is no charge for this. You can call any time, any day.

Regards,

WellCare of Georgia
