 TRENTON GA 30752

Dear Provider,

The detail below reports your Health Check eligible members who, as of 07/11/2007, did not have an encounter during the initial 120 calendar days of enrollment with WellCare. In addition, the member may not be in compliance with the Health Check periodicity schedule. To assist you to evaluate a member's care needs, we have provided you with the dates of last and future due EPSDT visits, based on historical claims data received.

Limitations of these data are recognized including health checks provided by another payor prior to member enrollment with WellCare, breaks in eligibility, and some dates reflect a need for service prior to June 1, 2006, when WellCare began managing members in Georgia.

It is requested that you use this information in planning outreach to members in need of services.
